## THE ULTIMATE IN SPORTS NUTRITION

"Official Supplier  
to Munster Rugby"

### ELITE SUPPLEMENT RANGE

Working with Europe's leading Sports Nutritionists, we have developed our new Elite Sports Nutrition range, Nutrition X Elite. In conjunction with testing and trials on professional rugby union, rugby league, soccer teams and weight trainers, we have developed specific products that are designed to boost performance. No other supplement range has ever been developed with this type of athlete in mind. Every product in the Nutrition X Elite range has been specifically developed with scientific research and real world anecdotal evidence.
